The funeral of William H. Butler, who died Saturday night at the Alexandria Hospital, took place yesterday afternoon from the residence of Mr. and Mrs. John D. Matter, 521 South Fairfax street. Services were conducted by Rev. Dr. E. B. Jackson, pastor of the First Baptist Church, and burial was in Bethel cemetery. Members of Andrew Jackson Lodge of Masons attended.

Mrs. L. Wilber Reid, president of the board of lady managers of the Alexandria Hospital, thanks all who contributed to the fund for the hospital ambulance, and desires to say the ambulance has arrived on time, as promised, has been examined by expert mechanics, approved and accepted, and will at once be insured. Additional contributions to the fund are: Miss Wilhelmina Burke, $2; Samuel W. Madden, $3; Raymond Briseau, $2; a total of $7.

WILSON REFUTES HARDING.

New York, Sept. 22.—President Wilson, in a statement which the New York Times publishes this morning as specially requested by that paper, refutes the assertion made by Senator Harding at Marion yesterday, to the effect that no American could simultaneously be for article X and for the American Constitution. The statement, prepared by Secretary Tumulty, calls attention to the fact that this declaration by Senator Harding is at variance with the views of certain leading members of the republican party—former President Taft, former Attorney General Wickersham, Oscar S. Straus and Herbert Hoover are mentioned.

CONDUCTOR FINED $2,500 FOR TAKING WAR TAXES

Martinsburg, W. Va., Sept. 21.—Thomas M. Lee of Cumberland pleaded guilty in federal court here today to failure to report war taxes on cash railroad fares which he collected as conductor on the Western Maryland railroad between Cumberland and Elkins, W. Va., over a long period. By joint recommendation of defense and prosecution, Judge C. A. Wood of the circuit court of appeals, sitting as temporary judge, fined him $2,500, which he arranged to pay, and gave no prison sentence.

Counse asked leniency because the defendant, a widower, with eight children to support, was before the court for his first offense.

Lee was indicted on 33 counts. His total collection claimed in these counts was $20.

An Aggressive Drive

Democratic Leaders Cast Aside Post Mortems and Take New Grip on The Job In Hand

New York, Sept. 22.—The men who are running the Democratic Presidential campaign are confirmed optimists. They not only believe that Governor Cox will be elected President of the United States after the six weeks of fighting that intervenes before the election, but predict that the Republicans will be on the defensive in half that time.

While admitting that the momentary advantage favors the Republican opposition, the Democratic managers are planning to inaugurate an offensive that in their judgment will lack nothing in the way of intelligence and effective execution.

So they have swept aside post mortems over the Maine State election, the confiscation of their organization by the radical Watson forces in Georgia and the conquest of it by the Nonpartisan League group of farmers' organizations in Colorado and are taking a new grip on the job in hand.

Theft Of Automobile

Machine of W. W. Hoxton, North Rosemont, Valued at $1500 Stolen

A five passenger Buick automobile was stolen last night from the garage of W. W. Hoxton, North Rosemont. The garage was locked and the machine locked, says Mr. Hoxton. The robbery was discovered this morning when he went to the garage for his machine. The machine was an 1918 model, No. 375,700 and valued at $1,500. A report of the robbery has been made to the police.

This is the second automobile theft that has occurred in this vicinity during the past week, a week ago yesterday a machine belonging to Wallace N. Lindsey was stolen from his garage at Braddock.

TELLS ADVANTAGES OF LEE HIGHWAY

Four Address Joint Committees of Streets and Finance

COST TO CITY $45,000

Mayor and Representatives From Chamber of Commerce Attend Committee Meeting

The advantages of the Lee highway to the city of Alexandria were described last night by George T. Harrison of Fairfax county and Dr. John son, secretary of the association, in addresses made in the chamber of the common council before the members of the committees on streets and finance of the city council.

The speakers also furnished maps of the route of the proposed highway. The financial status of the movement also was told by the speakers and they recited the co-operation being given by the various counties through which the highway will pass to its terminal, Winchester.

D. E. Hull, president of the Lee Memorial Association, a resident of Roanoke, told the councilmen the advantages of the construction of this highway to Alexandria and other necessary action in order to assure its construction.

Albert Smoot spoke of his work in the state legislature for its construction since the time of the inception of the project and he urged the committee to make a favorable report on the proposition. It would cost the city about $45,000 to extend over a period of five years Mr. Smoot explained.

The meeting was attended by Mayor James M. Duncan and a committee of members of the chamber of commerce,

The committee promised to give the matter speedy consideration.

To Pre-War Level

Henry Ford Cuts Prices on Machines to 31 Per cent.

Detroit, Sept. 21.—Henry Ford today announced a reduction of prices on all Ford Company products to a pre-war level as a step toward "restoration of business to normal conditions." In a statement accompanying the announcement Mr. Ford declared that present business conditions demanded that "some practical effort be made to bring economic conditions back to normal" that the "business of the country may be stabilized," and that the "progress, prosperity and contentment of our people may be restored."

Inquiry tonight among heads of other automotive industries here failed to indicate whether the Ford announcement presages a general decline of motor car prices. A number of manufacturers declined to comment.

Discussing conditions Mr. Ford declared that since the war has ended, "war prices also should be reduced.

"There is no wisdom," the manufacturer said, "in trying to maintain an artificial standard of values, for inflated prices only retard progress."

The price reduction on the Ford products range from 1 to 31 per cent and is effective immediately. There will be no wage reductions at any of the plants, it was announced.

The old and new prices follow:

Stripped chassis, from $525 to $360.

Runabout, from $550 to $395; with starter, from $625 to $465.

Touring car, from $557 to $440; with starter, from $650 to $510.

Truck chassis, from $640 to $545.

Coupe, from $850 to $745, including starting system.

Sedan, from $975 to $795.

Fordson tractor, from $850 to $790.

LOST—Tuesday evening, September 21st, about 9 o'clock between Fletcher's Garage and the corner of Washington and Princess streets, a brown fur neck piece. Liberal reward if returned to owner Mrs. Gardner L. Boothe, 711 Princess street. 227-3t.

BOAT CLUB PLAY.

Something decidedly new awaits Alexandria theatre-goers in "Oh, Oh, Cindy," the extravaganza extraordinary, which is to be presented at the opera house October 6, 7 and 8, under the auspices of the Old Dominion Boat Club.

Al members of the cast and chorus, as well as those of the committees, are highly enthusiastic in their desire to make the show a great success, both financially and artistically, and no efforts are being spared in this regard.

The publicity committee is composed of Charles R. Morrison and Edward Oliver.

Miss Louise Close, the professional director, who is here representing the John B. Rogers Producing Company, states that the rehearsals are progressing in a highly satisfactory manner. She states that the local talent has proven itself to be excellently well fitted for the production of the show.

Miss Louisa Griffith, who will be so well remembered for her excellent acting in "Katcha-Koo," will play the part of "Cindy," while Mr. Allan Roberts will play opposite her. Mr. Roberts scored a hit in the title role of "Katcha-Koo."

Mr. A. D. Rhodes will take a prominent part, and his acting is always of the first grade. In this play he has a comedy role.

A prize will be awarded the school child who sells the largest number of tickets to the show, and a number of them are now planning the disposition of their prize money.

Given Six Months

White Men Captured After Still Raid Sentenced.

Six months in jail each was the sentenced imposed in the police court yesterday in the cases of Alex Openiski and Oliver Hamilton, because, it was alleged, they were vagrants. The court also imposed, in addition, a fine of $50 in the case of Openiski. Both men were arrested several days ago by the police near a still that they raided in Fairfax county. However, at the trial the men were not charged with operating the still, nor was any evidence brought out along that line.

CALIFORNIA'S PLAN IS EXCITING JAPAN

Tokio, Sept. 22.—Representative Japanese express the opinion that there is no hope of a permanent solution of the California problem until after the presidential election in the United States. Through the medium of the press, however, they continue to put forward strong opposition to the proposed referendum in California designed to extend the present law excluding Japanese from land ownership in California so as to forbid Japanese from holding land by lease, and also to prevent Japanese holding land through ownership of alleged "dummy" corporations.

Republican Rally

H. W. Craven and Dr. F. M. Brooks Address Mass Meeting

Herman W. Craven of the state of Washington and Dr. F. M. Brooks, the latter republican candidate for Congress from the Eighth district last night addressed a republican mass meeting held in the rooms at the southeast corner of King and Washington streets. The meeting was largely attended and presided over by President Wolford, president of the Harding-Coolidge and Brocks Club under whose auspices the mass meeting was held.

GULF COAST AWAITS TROPIC HURRICANE

Blow May Hit Anywhere Between New Orleans And Corpus Christi

FLEE TO LOWLANDS

Emergency Warnings Sent Broadcast and Ships Hug Their Harbors—Will Hit Coast Today.

New Orleans, Sept 22.—The New Orleans station of the Weather Bureau at 10.30o'clock last night notified Superintendent of Police Mooney that all persons in outlying suburbs should be warned that the tropical hurricane would strike the city early today.

With the wind blowing a steady gale of 25 miles an hour and coming in gusts from 50 to 60, merchants, storekeepers and the people in outlying districts began preparations to meet the hurricane fast approaching from the Gulf.

Plate-glass windows throughout the business section were reinforced and wherever available metal shutters were placed over the windows. This was especially true in the old French quarter. Many sign boards were blown over throughout the city and in one section a couple of houses were unroofed by the force of the wind.

With the rising tide and growing winds residents and pleasure seekers along the shore of Lake Ponchartrain commenced flocking to the city. Driven by the increasing wind, the water in Lake Ponchartrain began coming over the sea wall at West End and Spanish Fort. From the Mississippi coast resorts every train returning to the city was crowded with vacationists seeking safety from the approaching storm.

All the hotels of the city are filled to overflowing and refugees are camping in the Postoffice, Customs House and other public buildings.

Awnings and signs have been twisted loose and were hurled through the downtown streets.

All shipping remained in the river today, following the warning of the Weather Bureau. At Port Eads a large fleet is anchored behind the breakwater and jetties waiting for the storm to blow over. Several vessels which cleared Monday did not sail and some of these which did put back Two large tankers from the North Atlantic en route to Port Arthur also put into Port Eads for shelter.

At 10 o'clock last night the barometer at the Weather Bureau registered 29.60, a drop of nine points in three hours. The wind velocity here was 30 miles from the northwest. At Burwood on the coast at 7 o'clock the barometer stood at 29.62 and the wind from the northwest was blowing 58 miles per hour. Since that time the Weather Bureau has been unable to communicate with the station at Burwood.

Houston, Texas, Sept. 22.—The Weather Bureau believed today that there is no possibility of the storm striking the coast with anything like full force before Wednesday. Rising tides and a variable wind of 15 to 22 miles were reported here. In 45 minutes the barometer here dropped 5 points from 29.92 at 1 P. M. to 29.87.

Railroads have announced that precautions have been taken to move people, and equipment off the island on short notice.

Reports reaching Oil companies here are that operations in some of the coastal fields have been stopped for the present and that some companies are being abandoned temporarily.

Day of Atonement Being Observed by Jews

The Jewish holy day, or Yom Kippur, began at sunset last evening. The worshippers in the synagogue will touch neither food nor drink until sun down this evening.

Yom Kippur is the Day of Atonement and the most solemn holy day in the Jewish calendar. Special services were observed last night in the synagogue. These services will continue until the day ends with blowing of the ram's horn.

"BURGLAR" WITH SPLINTERS

Mount Vernon Police Throttle Well Dressed Clothes Post

New York, Sept. 22.—When Joseph Lux, a jeweller, of No. 118 East Third Street, Mount Vernon, telephoned to the police last night that burglars were in his back yard, a patrol wagon and two motorcycle policemen rushed to the scene. Lux met the party at the front door and they followed him on tiptoe to the kitchen. Pointing out a dark figure in coat and cap under a tree, Lux sank back in nervous collapse.

First posting a man at the back gate to prevent flight, the police stealthily approached and then, with one accord, tackled the desperado. They are still picking slivers out of the hands with which they throttled a clothes post on which Lux's own clothes were hanging.

N. Y. ASSEMBLY EXPELS THREE SOCIALISTS

Albany, N. Y., Sept. 22—Standing by its original action of last spring, when it cast out five Socialist Assemblymen, on the grounds that they belonged to an organization inimical to the Government of the United States, the Assembly last night expelled three of the five, but voted to seat the other two. Upon announcement of the result Assemblymen Samuel Dewitt and Samuel Orr, who were successful in retaining their seats, resigned from the Assembly.

Prohibition in the United States Attracts Attention of All Nations

Washington, Sept. 22.—Prohibition in the United States has attracted the attention of the world Sir Auckland Geddes, British ambassador, declared in addressing the opening session yesterday of the fifteenth International Congress Against Alcoholism.

In support of his assertion Sir Auckland told the congress that detailed reports of its proceedings had been requested by his home government, and that the governments of other nations were undertaking studies of the sociological and economic effects of total abstinence.

Practically all of the European nations and a number of the South American republics were represented at the opening session, which was held in the Pan-American Building.

Hydroairplane Burns

Sightseeing Air Machine is Destroyed as Aviator Prepares to Fly

A sightseeing hydroairplane owned by the Capital Flyers was completely destroyed by fire about 2.30 o'clock yesterday afternoon on the banks of the Potomac River at the south end of the Highway Bridge.

The fire, which is thought to have been caused by backfiring of the engine, started just as A. C. Downey, one of the owners of the plane, was preparing to make a flight. Explosion of the gasoline tank was prevented by a load tap which fell off when the fire started.

Engine Company No. 13 responded to an alarm, but when the firemen arrived the plane was practically destroyed. The plane has been used in sightseeing trips over Washington. It was valued at $5,000 and is covered by insurance.

CHARACTER BUILDING VITAL TO YOUNG MEN

Percy B. Williams of Toledo, O., Addresses Y. M. C. A. Gathering

MORE THAN 100 ATTEND

Review of Work Given by Secretary Wallace—C. C. Lamond Presides—Excellent Dinner Served.

Moral, physical, mental and social characters are needed more than anything else today in the city said Percy B. Williams of the Y. M. C. A., Toledo, O., in an address delivered last night in the Westminster building at a dinner and reception given by the board of directors of the Y. M. C. A., of this city. Attending the affair were more than 100 guests, including ministers, city officials Sunday school superintendents, church workers and business and professional men and others.

His theme was "The Making of a City." The majority of persons he said, declare that the answer is "more industries." The speaker told of the many problems confronting a city where new industries are brought. It frequently requires a complete change in standards with the arrival of the new citizens. These industries he asserted do not bring all the help necessary and it almost always happens they call to our children to work. High wages and advancement result he said in unnatural appetities. The price is that the Reds today are knocking at our doors he asserted.

The church he said was the spiritual powerhouse of the community and the Y. M. C. A., is the laboratory in which leadership is trained, character he asserted is not taught but caught. There are he said thousands of young men who are just waiting for someone to give them a tap on the shoulder to help them go on the right path. The speaker suggested the "personal interview" plan to help the young man become safe for the community.

Mr. Williams told of the work accomplished by the Y. M. C. A., since its inception seventy-six years ago. Its work he said covers every part of the globe and its property is valued at $125,000,000 and has 7,000 organizations.

Kirk E. Wallace, local secretary, gave a review of the work accomplished since he came to Alexandria, May 8, 1920. This included work in schools, shops and factories and other places. Mr. Wallace said a campaign of boys' work is now being formulated and also arrangements made for a thrift week in January together with a social program for young people.

On motion of Rev. E. B. Jackson, Mr. Wallace was given a rising vote of approbation for his work accomplished.

The meeting was presided over by C. C. Lamond, president of the local Y. M. C. A., and Mr. Williams was introduced by Secretary Wallace Invocation was given by Dr Jackson and during the evening a vocal selection was given by Miss Susie B. Pullman accompanied on the piano by Mrs. Linwood Nalls.

The dinner was served by a committee of women under the direction of Miss Cora Cochran and was greatly enjoyed by all present. The tables were tastefully decorated with cut flowers for the occassion.

JURY PANELS BALK AT ELECTROCUTING WOMAN

Pottsville, Pa., Sept. 21.—It was necessary to send out for two special panels of jurymen, who were summoned by Sheriff Wyatt from the streets, before a jury could be found today to try Mrs. Mary Bucof of Shenandoah, for first degree murder.

More than 50 per cent of all the jurors drawn declared they would not vote to send a woman to the electric chair, regardless of the testimony.

THE SOUTH VITALLY INTERESTED.

The interest of the South in Democratic success this year is not merely academic and sentimental. It is vital.

The second paragraph of the Fourteenth Amendment to the Constitution is very clear in providing that when the right to vote is denied by a state to its citizens for any other reason except participation in rebellion or other crime, the representation in Congress of that state shall be reduced in proportion. The Constitutional power of Congress to reduce the southern representation in Congress proportioned to the number of citizens deprived of the vote is undoubted.

Moreover, a census has just been completed and the question of reapportioning representation in Congress is imminent. Representative Seigel of New York, Republican Chairman of the Reapportionment Committee of the House of Representatives, has received a number of letters advocating the reduction of southern representation in Congress and the Electoral College and he announces publicly that his committee will take up seriously at the coming session of Congress the question of cutting down the representation in states where negroes are disfranchised. He does not propose cutting down Massachusetts' representation although it has a very restricted electorate. The Republican papers all over the country are agitating the question and showing that in some northern districts a Congressman represents many times as many voters as some southern Congressman represent. The question has been accentuated by the doubling of the number of voters by woman suffrage.

This strikes at the very heart of the South's share in the government of the United States. The southern people, like Massachusetts, understand that a large class of illiterate citizens is a great governmental burden, more of a governmental burden than an equal number of intelligent voters, and that representation in Congress based on their numbers is a just apportionment. But the Fourteenth Amendment puts power in the hands of Congress which may be abused. The South's interest in this election is vital and Southern Democrats should do all they can for Democratic success. The best way they can help is to subscribe liberally to the Democratic campaign fund. Every Democrat ought to bear this in mind when asked to contribute to the Democratic fund. Remember the Lodge Force Bill and think of the tremendous influence Lodge will have with the Republican administration.

JUVENILE DRUG ADDICTS.

It is scarcely conceivable that any villain in human form would induce children to use narcotic drugs that deaden their sensibilities, dwarf and wither their young lives and lead them into crime, yet such is the case. The annual report of the Committee on Narcotic Drugs and Crime of the American Institue of Criminal Law and Crimonology states that more than 75 per cent of the narcotic drug addicts are boys and girls of about 16 years of age. This statement should startle American parents and cause them to give proper parental instruction.

No greater responsibility rests upon human shoulders than to see that childhood has a fair chance. Proper enlightenment at the right time and in the right way by sympathetic parents may save many a young life from mental and moral shipwreck.

Fathers and mothers, do you have intimate talks with your son or daughter, explaining the pitfalls that line the path of life? Are you meeting your full responsibility unless you do? Do not pass it off lightly with the thought that your child is not in danger unless properly instructed in the home. These juvenile "dope" addicts had parents who perhaps thought the same thing.

VIRGINIA NEWS

Fredericksburg—The boiler in the packing house of D. F. Crimals at Summa blew up, causing $1,000 damage and injuring several workmen. The smokestack landed on an adjacent hill.

Lynchburg—Howard Wills, who was crushed by an automobile truck this morning at Arrington, died on train en route to a hospital here. He attempted to walk between a motortruck loaded with apples, driven by his brother, and a freight car and was caught. Wills was 32 and leaves a wife and two children.

Newport News—That prohibition has caused an increase of crime and that the abolition of the "red light" districts in this city has proven a failure is the belief of Police Justice S. Robinson, according to a statement made by him yesterday.

Winchester—A virtual deadlock existing for the last month between growers and buyers of commercial apples in the Shenandoah-Cumberland district, extending from Staunton, Va., to Harrisburg, Pa., has been partially broken by each side making concessions and as a result, apples of the late fall varieties are beginning to move more freely. Many of the growers in the Winchester section are getting from $4.50 to $5.50 for No. 1 York Imperials, but some have accepted less. An English exporter secured 5,000 barrels of Yorks today for export for $4.75.

Danville—Tobacco growers of this section have been called to meet here Saturday to organize a Union which it is hoped will force higher prices. At a spontaneous mass meeting here, planters were urged to boycott the market, but this action is not expected to materialize as there are too many planters who need money.

Fredericksburg—In the circuit court of Stafford county in the suit of W. E. Ryan, of Washington, vs. J. P. Barnes, of Boston, for breach of contract, the plaintiff was awarded $500 damages with interest from February 1, 1919. An attachment had been previously levied on real estate at Brooke Station belonging to Barnes.

Winchester—Many of the residents of the Massanutten Mountain section of Shenandoah County knocked the "high" out of the cost of living a day or so ago when several traps set for bears were sprung almost simultaneously. Father bears, mother bears and cubs, all of them "fell" for the bait.

Norfolk—As the result of their automobile turning turtle on the Indian River Bridge one woman was killed and two other occupants slightly injured late last night. Mrs. Shirley Bougert, 20 years old, sustained a fractured skull and other injuries from which she died two hours later. L. M. Vaughan, A. B. Rand and G. W. Smith, all of Norfolk, who were with Mrs. Bougert in the automobile escaped with slight bruises. The machine was completely demolished.

NEARING END IN HAITI

U. S. Forces Are Soon to Quit Country, Colby Declares

Announcing that the "benevolent purpose" of the occupation of the island of Haiti was "nearing" attainment, Secretary Colby declared in a statement last night that the United States "hopes" to withdraw and leave the island's administration to the "unaided efforts of the Haitian people" when that purpose had been fully achieved. The relations of the United States with Haiti, the Secretary added, should not be "misrepresented even under the temptations that a political campaign presents to irresponsible utterance and conscious unveracity."

While not replying directly to recent charges by Senator Harding the Republican presidential nominee, that the administration was conducting "unconstitutional warfare" against Haiti and San Domingo, Secretary Colby recites at length the history of American occupation of these countries and defended it as being guided by "no thought except to help" their peoples. Senator Harding's attack on the administration's record in Haiti was made in connection with a criticism of recent statements in regard to the island by Franklin D. Roosevelt, Democratic vice presidential nominee.

Restaurant Head Warned To Cut Prices or Face Jury

Buffalo, Sept. 22.—United States Attorney Stephen T. Lockwood today informed H. B. Mettler, Sr., manager in charge of the Child's restaurants in this city, that he had the choice of cutting prices to a 1919 schedule with the alternative of facing grand jury proceedings. This announcement was made by Mr. Lockwood following a conference this morning with Mr. Mettler.

"Our investigation has shown," said Mr. Lockwood, "that the cost prices to restaurant proprietors and companies are back to the 1919 schedule and materially reduced. In my opinion there should be reductions, sweeping as to scope, in prices charged to Buffalo restaurant patrons."

One of the many things asked of Mr. Mettler this morning by the Federal prosecutor was a statement concerning the annual profits, overhead costs and such items. Mr. Mettler stated that these figures were kept in New York and they were not at his disposal today. Mr. Lockwood said that he would send for the figures at once.

"When we have received these figures, continued Mr. Lockwood, "we will send them at once to our agents in New York for verification. We will take nothing for granted this time.

"Suppose they refuse to make this cut?" Mr. Lockwood was asked. "Then we will see what the Federal grand jury has to say about it," he replied. "There is nothing else to do."

Prohibit Traveling in U. S. Uniform in Switzerland

Coblenz, Sept. 22.—The American army here has received notice from the American military attache in Bern, saying that the Swiss government has withdrawn it permission for officers or soldiers, on leave or otherwise, to enter Switzerland when in uniform.

As the members of the American army are forbidden to travel in civilian clothes the edict will make it impossible for officers or soldiers of the army of occupation to travel in Switzerland.

Clothing Prices to Drop, But Not Until The Spring Season

Chicago, Sept. 22. — "Clothing prices must come down; they are too high," Frederick Levy, president of the Retail Clothiers' Association, told a thousand members of that organization, but clothing dealers from all parts of the country, who are here to discuss the details of the trade, while confident woolens will be cheaper in the spring, as manufacturers are beginning to catch up, are a unit in declaring the price of clothes, however, will drop slowly so long as girls from Russia, who were paid $6 weekly before the war, are now drawing $45.

The average wage in the needle trades is $47, dealers say. The sample shop has gone. "Bertha, the sewing machine girl," goes regularly to the beauty show now.

The pocket makers are the real aristocrats in the clothing business now. In some cases they get $100 a week. They have entered the class that can take breakfast in bed.

Prices were the main topic of today's session, but the consensus of opinion was that no radical drop in prices would obtain until wages took a drop to normal standards.

At any rate, the conservative element in the convention insisted that with wages in the mills at the war scale clothing this fall and winter is likely to increase in price, and the decline which is expected to set in in the spring would be quite gradual.

Bristol, Va., Sept. 22.—Representative C. Bascom Slemp, who for twelve years has represented the Ninth Virginia District in Congress, and who last Saturday definitely announced that he would not be a candidate for the nomination for Congress, will again lead the Republicans in the Ninth District as their standard bearer for Congress.

The Republican delegates to the district convention, representing every county in the district, today renominated him for Congress by acclamation.

True Goodyear Economy in Tires for Small Cars

Built into Goodyear Tires for small cars is a high relative value not exceeded even in the famous Goodyear Cords on the world's highest priced automobiles.

Manufactured in 30x3-, 30x3½- and 31x4-inch sizes by the world's largest tire factory devoted to these sizes, every detail of the work done on them is marked by extraordinary skill and care.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, assure yourself true Goodyear mileage and economy on your car by visiting the nearest Goodyear Service Station Dealer.

Go to him for Goodyear Tires and for Goodyear Heavy Tourist Tubes; there is no surer means to genuine tire satisfaction.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread, $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread.... $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30x3½ size *in waterproof bag*..... $4.50

Look at the roads for twenty miles around on a Sunday

THERE isn't any "country" any more. The automobile has brought the most remote settlement almost as close to the center of things as the next county was in the old days.

II

To hear some tire dealers talk you might think that nobody knew anything about tires except the fellow from Broadway.

That's not the basis we go on.

We give every man credit for knowing *what he is spending his money on*, whether he drives up here in his small car from ten miles out in the country or is passing through from the capital in his limousine.

III

That's one thing we like about U. S. Tires.

They make no distinction between the *small car owner* and the owner of the *biggest car in the country*.

It's all the same to them. So long as a man owns an automobile—large or small—he's entitled to the *very best tire* they can give him.

Quality has always been the *outstanding feature* of U. S. Tires. There's *no limit* on the U. S. guarantee. All U. S. Tires are guaranteed *for the life of the tire*.

IV

We have given a lot of thought to this tire proposition. There is some advantage in being the representatives of the oldest and largest rubber concern in the world.

Drop in the next time you're down this way and let us tell you some interesting facts about tires.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—*everywhere*—U. S. Royal Cords.

Skin Sufferers Do Not Want Mere Temporary Relief

Of course, if you are content to have only temporary relief from the terrifying itching and burning of fiery, flaming skin diseases, then you are satisfied to remain a slave to ointments, lotions and other local remedies applied to the surface of the skin.

Real genuine relief from eczema, tetter, scaly eruptions or any other form of skin irritations cannot be expected until you free your blood of the germs which cause these disorders. And for this purpose there is no remedy that gives more satisfactory results than S.S.S., the fine old blood remedy that goes down to the source of every blood disorder and routs out the germs which cause the trouble.

S.S.S. is sold by all druggists. Begin taking it today, and if you will write a complete history of your case, our medical director will give you expert advice without charge. Address Chief Medical Adviser, 155 Swift Laboratory, Atlanta, Ga.

Extra Armed Patrols Guarding Rockefeller

Tarrytown, N. Y., Sept. 21.—Twelve extra guards, armed with rifles, patrolled the roads adjoining the estate of John D. Rockefeller here during the night, it became known today.

No statement could be obtained at the Rockefeller home regarding village gossip that a threatening letter had been received by the magnate.

Two boys reported that they had met two stranger men who asked where Mr. Rockefeller lived and taking spectacles from their pockets and trying them on, inquired if they made much difference in their appearance. They said the men later left for New York in a taxicab.

New York Socialists Face Second Ouster Move

Albany, N. Y., Sept. 21.—Col. Ransom H. Gillett, Republican member of Assembly from Columbia county, last night introduced a resolution in the Assembly in extraordinary session, asking that the five Socialists re-elected last Thursday to fill vacancies caused by their expulsion last April, be excluded from the extraordinary session. The resolution was referred to the Judiciary Committee.

PRETTY YOUNG GIRL VANISHES IN MYSTERY

Hamilton, Ont., Sept. 22.—Leaving her home early Sunday morning, September 12, for a walk before breakfast, Miss Leona Montray, pretty 23-year-old daughter of H. N. Montray, superintendent of the London Life Insurance Company of this city, mysteriously disappeared, without a clue so far having been discovered as to her whereabouts or fate.

The police, aided by Boy Scouts and collegiate students and a large staff of insurance agents, have in vain searched the city and mountains.

Clew to Bomb Outrage Is Sought in Baltimore

Baltimore, Sept. 22.—Department of Justice agents here yesterday began an investigation into whatever knowledge radicals of this city might have about the Wall street explosion last week.

The officials worked with great secrecy and while it was reported that one person was taken into custody. Special Agent Jenkins, in charge of the office said no arrests had been made.

Baltimore was one of the places named in New York dispatches last week where special investigations would be made in an effort to get som clew as to the prepetrators of the outrage.

A THOROUGH TEST
One To Convince the Most Skeptical Alexandria Reader

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action.

The following case is typical.

Alexandria residents should be convinced.

The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored

J. B. Mills, marine engineer, 212 S Lee St., Alexandria, says: "I have taken Doan's Kidney Pills off and on many years for backache and other kidney trouble. I have always had fine results. A few of Doan's regulate my kidneys and strengthen my back if it feels at all weak and lame. I get Doan's at the Warfield Drug Store."

Mr. Mills gave the above endorsement, on April 13, 1915 and on March 17, 1919 he added: 'Doan's Kidney Pills are certainly fine. If my kidneys get out of order it only takes a few of Doan's to fix me up."

WOMEN PICKETS

Tell Drys and Geddes of British Opium Trade.

When Sir Auckland Geddes, British Ambassador to the United States, emerged from the Pan American Union Building yesterday afternoon after finishing an address to the international conference against alcoholism, he was confronted with a group of women pickets who carried banners protesting against the British traffic in opium.

Some of the banners read:

"Americans, can we afford to join hands with a nation that is trying to dope us for trade reasons?"

"England is drugging the world with opium. America is her worst victim."

"Americans, do you know that the British government maintains a department of opium administration?"

"Americans, do you realize that we are exchanging the evils of alcohol for the evils of opium?"

The Ambassador paused on the steps of the building to read the signs, but was unperturbed as he entered his car and was driven away.

INFANT DEATH RATE IN FRANCE ALARMS

Paris, Sept. 22.—Infant mortality has reached an amazing figure in France since the war ended. In Paris it is 50 per cent.

Five hundred and nine out of every 1,000 babies born in France die, as contrasted with 9 per cent in England, and 4 per cent in New Zealand, which is said to have the best record.

Private Owners Lose Whisky.

St. Louis, Mo., Sept. 22.—Judge C. B. Faris, in the United States district court here today, ruled that private owners of whisky held in bonded warehouses cannot remove the liquor to their homes without violating the Volstead prohibition enforcement law. Permits to move the liquor stored can only be granted where it is to be sold for medicinal purposes, the judge held.

MANY WOMEN VOTERS ENROLL

Baltimore, Sept. 22—Baltimore women flocked yesterday to he registration places to enroll for the first time among the voters of the city.

When the places of registration opened at noon the officials in charge found women waiting on almost every doorstep. There was a concerted feminine effort to have a woman's name lead each fresh and unspoiled page—and they succeeded in many instances. Numerically the men soon overpowered their newly enfranchised mothers, sisters, aunts and sweethearts. But the ladies got there first.

About noon it was a "fifty-fifty" proposition. The sexes were almost evenly divided, with a slight lead in favor of the men. But as the minutes went on the men showed up in ever-increasing numbers, while the woman began to decrease.

Election officials were somewhat surprised with the frank manner in which the women answered questions, for few of them showed any hesitancy regarding their ages. All went about registering like veterans.

GIVES HIS LIFE TO SAVE WIFE

Norfolk, Va., Sept. 22.—After keeping his wife afloat for fifteen minutes after his boat capsized in a rough sea off Ocean View yesterday afternoon Harry L. Nelson, 28 years old, sank from view and was drowned, while rescuers were coming to his assistance in a rowboat and were within ten feet of the exhausted couple. Mrs. Nelson was rescued by Harry Collins, colored, one of the rescuing party. The body of Nelson was latter recovered.

Mr. and Mrs. Nelson were returning from a fishing trip when the boat was capsized by a large wave at the cross bar, 150 yards off shore in front of the Chesapeake Club.

In the tangle of her clothing Mrs. Nelson was unable to swim against a strong wind and high waves and with one arm supporting her, Nelson began a battle to reach shore. Their plight was discovered by a member of the Chesapeake Club who sent out a call for assistance. When Mrs. Nelson was placed in the boat she fainted from exhaustion.

Nelson was a native of Norfolk.

100,000 N. Y. FAMILIES FACE EVICTION OCT. 1

New York, Sept. 22.—One hundred thousand families in this city face eviction on October 1, the mayor's committee on rent profiteering announced today.

Arthur J. W. Hilly, chairman of the committee, said he is swamped with complaints and is utterly unable to handle them all. He said that unless the tenants are allowed to remain by court order and permitted to pay such a rent as the court may fix all these tenants will find themselves homeless.

HEAVY U. S. LOSS

Former German Liners May Have to Be Returned to Owners

Washington, Sept. 22. — Former German liners, seized by the United States when this country entered the World War, may have to be surrendered because of the failure of America to ratify the Versailles peace treaty, it became known at the State Department today.

PRISONERS MUST EAT LESS AS COSTS CLIMB

Scranton, Pa., Sept. 31.—Although the cost of living still remains high the prisoners in the Lackawanna county jail will have to get along on eating 25 cents' worth of food per day, according to Judge E. C. Newcomb today.

The grand jury, which is now in session, recommended to the court that 40 cents per day should be paid for feeding each prisoner, but Judge Newcomb says the court cannot find a way to make the change.

The prisoners had complained that they were being fed only half enough, that bean soup is served twice a day and that the beans are difficult to find in the soup.

PASTOR MOVES COUPLE TO MD. TO MARRY 'EM

Waynesboro, Pa., Sept. 21.—Both the Genii of the Wonderful Lamp and the Magical Carpet of Bagdad were present in Waynesboro today, the one in the person of Pastor C. C. Miller and the carpet his flivver.

Early in the day Pastor Miller was confronted with a young Virginia couple armed with a marriage license and a desire to get married. The pastor was willing, but the license had been issued in Maryland. Gloom descended upon the would-be newlyweds, but was dispersed when the pastor produced his car, several witnesses, loaded the party into the machine and speeded them the few miles to cross the Mason-Dixon line. There the knot was tied and the genii and his magic carpet departed.

The couple were Haller W. Vaughan of Timberville, Va., and Miss Edna M. Lineweaver of Bridgewater, Va.

Who Owns This Church?

The building of Zion Reformed Church, in Marietta, Ohio, has been abandoned for some years. Now a Baptist congregation wants to buy it, but nobody knows who owns it. The church was built more than a century ago, and the deeds cannot be found.

MRS. NELLIE PECK, of Kansas City, who says her little boy never had a well day until he began taking Tanlac.

"I will never be able to pay the debt of gratitude I owe to Tanlac for what it has done for my little boy and me," said Mrs. Nellie Peck, No. 1428 Charlotte St., Kansas City, Mo.

"My little boy Curtis is fourteen years old and never in his life had he seen a well day until he began taking Tanlac. He seemed to have a very weak stomach. It just looked like he couldn't eat anything and digest it like other children.

He had no appetite at all and what little he did eat seemed to sour on his stomach. Sometimes his heart would palpitate terribly and he would get so dizzy he could hardly walk. He would have bad headaches and was nervous and could never sleep well at night. At school he was never able to keep up his work and he had to stay out a great deal on account of poor health.

"I had heard so much about Tanlac I decided to try it and see if it wouldn't help him. His health is better than ever before in his life and he is bright and playful all the time and he enjoys going out and playing with other boys. He has a splendid appetite and I let him eat anything he wants. He is not the least bit nervous any more and is asleep as soon as he goes to bed. In fact, he is perfectly well in every way.

"After seeing what Tanlac did for him I began taking it myself as I have been suffering from stomach trouble, headaches and dizziness for five years. Since taking this grand medicine I am now happy to say that I never suffer any more with these troubles.

Tanlac is sold in Alexandria by Edgar Warfield, jr., and Gibson Drug Store.

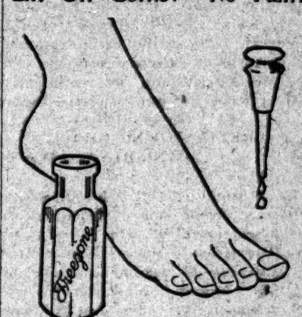
ARREST SIX OF ALLEGED WORLD AUTO THIEF BAND

Detroit, Sept. 22.—The police department today announced the arrest of six members of what is believed the largest ring of auto thieves in the country. The band operates internationally, most of the automobiles stolen in the United States being sold in foreign countries.

Automobiles stolen in Detroit alone were valued at over $200,000.

"FREEZONE"

Lift Off Corns! No Pain!



Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you life it right off with fingers. Truly!

CALOMEL HORROR TOLD BY DODSON

You Don't Need to Sicken, Gripe, or Salivate Yourself to Start Liver

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling splendid. It is perfectly harmless so give it to your children any time. It can't salivate.

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo. Furnished by any druggist for 35c. Extra large bottle, $1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds

Her Range

Is there a woman who doesn't take pride in her cooking? She knows that her range is the most important thing in the kitchen. If it is a *Cole's Sanitary Down Draft* then she is always sure of her baking and her cooking. She knows that it is the best range that money can buy. She relies on it absolutely. It means a one-third to one-half fuel saving and will hold fire over night.

COLE'S HOT BLAST FUEL SAVING SYSTEM

of combustion burns the fuel gasses that other makes of ranges waste. This means a clean sweep of hot flame under all six lids and all around the oven. This insures quick even baking and cooking on the entire range top. This range is designed with so much thought for convenience, comfort and economy of time that you will find the day's cooking or baking done as though by magic. This range has full enamel, rust resisting linings. This insures a long life and perfect satisfaction. We have a limited supply in stock so see us immediately.

Ingomar—Bessie Barriscale.

"Beckoning Roads," the Robertson-Cole feature, which was made in the Barriscale studios, with Bessie Barriscale as star, originally was given the American public in the Red Book magazine, in the form of a serial. Then it was called "The Call of Life." The serial was written by Jeanne Judson, a new American writer, whose stories have great force.

In this picture, which will be seen at the Ingomar Theatre tonight, Miss Barriscale has the part of a girl who is left an orphan on a ranch in the Canadian northwest. Her guardian sells the place as she comes to young womanhood in order to give her a chance to see the world.

Richmond—"Crooked Streets."

One surprise follows another in "Crooked Streets," the photoplay in which Ethel Clayton will be seen at the Richmond Theatre today. The scene is Shanghai and the central figure a resourceful young American girl, who is serving as secretary to an alleged collector of antique vases. In reality, he is engaged in opium-smuggling, and his guilt is established in a most dramatic manner and only after his youthful secretary has been involved in all sorts of romantic adventures. Jack Holt is the leading man.

SHIPPED STOLEN AUTOS TO EUROPE IS CHARGE

Detroit, Sept. 21.—Charged with shipping more than $200,000 worth of automobiles, stolen in Detroit, through eastern ports to Scandinavian countries, six Detroit persons, one of them a woman, have been arrested here and are being held by federal authorities under the Dyer interstate automobile theft act, it was announced today.

Those arrested were: Almon Basden, 30; Belle Warner, 24; William Halpin, 30; Joseph Galbo, 25; Douglas Moore, 23, and Henry King, 19. Three men now serving sentence in the state penitentiary at Jackson following their arrest several months ago, are alleged to have stolen the cars on the streets here during a period of a few months. The cars, it is said, were sent overland to eastern ports by those now under arrest here and shipped to Norway, Sweden and Denmark, where they were sold. Most of the cars are said to have been practically new.

The alleged conspiracy is said by Federal officers to be the largest found to exist since passage of the Dyer act. Belle Warner is said to be the first woman arrested on a charge of violating the act.

SEEK HUSBAND OF DREXEL HEIRESS

London, Sept. 21.—London police are seeking William Barrett, one time captain in the U. S. air service who eloped with Alice Gordon Drexel of Philadelphia, Pa., in June, 1919.

Barrett is charged with having stolen $125,000 of jewels from Mrs. William Spreckles of California. Barrett is believed to be in Canada or on his way there.

McGRAW GETS EVEN WITH LAMBS FOR HIS EXPULSION

New York, Sept. 21.—The betting along Broadway today is that while the recent expulsion of John McGraw from the Lambs' Club may have marked the end of one fight, it probably also marked the beginning of another.

In short, the guardian of the press gate at the Polo Grounds, acting under orders presumably issued by the Giants' manager, who also is vice president and part owner of the club, took up the season passes of several Lambs when the passes were presented at the grounds today.

GULF COAST AWAITS TROPICAL HURRICANE

(Continued from Page One)

Corpus Christi, Texas., Sept. 22.—The tide at Harbor Island, the local observation point, was reported two feet higher than mean low at 1 P. M. today and rising slowly. Winds were variable although generally taking a northerly direction at the rate of about six miles an hour. The barometer reading was 29.84.

There has been a general movement of residents today to the high bluff back of the water front, the movement in many instances including the removal of merchandise stocks from stores situated in the area swept by the storm last September.

OBJECT TO ARMED U. S. SHIP IN ST. LAWRENCE

Kingston, Ontario, Sept. 21.—The Kingston branch of the Army and Navy Veterans today protested to the Dominion government against the United States steamship Chilicothe's presence in the St. Lawrence river with mounted guns.

The boat is being used in the river, with Ogdensburg, N. Y., as its base, they said, for the purpose of suppressing violation of the United States liquor laws.

The protest said this is in "direct violation of the treaty between the United States and Great Britain and should not be tolerataed.

The possible use of naval guns on such a narrow strip of water, the protest adds, is a menace to Canadian shipping, as well as to Canadian life and property. It points out that no training ship on the Canadian side of the Great Lakes is permitted to carry a gun even for training purposes.

"VACATION" STRIKE OVER, MINERS BACK ON JOB

Philadelphia, Pa., Sept. 21.—Reports received here yesterday by S. D. Warriner, president of the Lehigh Coal and Navigation Company and head of the anthracite coal operators' wage scale committee, showed, it was announced, a general return to work of hard-coal diggers, who quit the mines because of dissatisfaction at the recent award of the anthracite coal commission. Only in two sections, Mr. Warriner said, are large numbers of men still idle. One is in the Pittston district, where about 8,000 men are on strike against the contract miner system, and in the Shamokin field, where about 10,000 men failed to return. There are approximately 150,000 men employed in the anthracite industry.

IRELAND IS IN THE GRIP OF A "REIGN OF TERROR"

Dublin, Sept. 22.—Numerous clashes resulting in deaths and serious injuries continue in various parts of the country. Reports today recorded the shooting of Sergeant McGuire, at Ferbane, eleven and a half miles southeast of Athlone, while making an arrest. McGuire was taken to a hospital in a critical condition.

Constable Doboghue was wounded from ambush at Newcastle and died.

500 GIRLS BARRED FROM UNIVERSITY

Chicago, Sept. 22.—Owing to lack of housing and dormitories in Evanston, 500 young women from all parts of the country who sought entrance to the Northwestern University have been forced to return to their homes. It is estimated that the College of Liberal Arts would have had a record registration of 3,000 this year, an increase of nearly 50 per cent, if there had been housing facilities for the students.

GEORGE CREEL, MASTER OF PUBLICITY, WILL AID COX

Washington, Sept. 22.—George Y. Creel, head of the government Bureau of Public Information during the war, held a conference with President Wilson at the White House today and at its conclusion he announced his intention of getting "up to his ears" in the campaign to elect Governor Cox. Mr. Creel was with the President almost an hour. Later it was announced he would have dinner last night with the President and Mrs. Wilson. He did not state whether he would associate himself with the speaking or publicity end of the Cox campaign.

Paris, Sept. 22.—To be healthy one should sit only in rocking chairs, according to a report made to the Academy of Science, in Paris, by Dr. M. H. Chardennet, prominent physiologist. "In a rocking chair the head and the spinal column are always kept in a normal position. This insures proper breathing, which, in turn, insures health," he said.

French people now have found the hidden reason for the American's strength.
